

May 23, 2020

Dear SponsorLink Sponsor,

Irina was born on April 22, 1997. The top picture of Irina was taken back in 2008 when she was living in a government center. Back then she liked to use her middle name, Georgiana. Now she likes to be called by her first name. The bottom picture was taken in December 2019 during our Christmas trip. Maleesha Mustion, our SponsorLink Ministry Assistant, asked Irina the following questions.

What grade are you in?

Irina: College at the University of Psychology and Educational Sciences with a focus on Psychopedagogy.

What are your favorite hobbies?

Irina: I like to listen to music and read but also to walk outside and explore around.

What is your favorite color?

Irina: Black.

Would you like to tell your sponsors anything?

Irina: I want to thank the people who have invested in my life all these years to help me get to the place in life where I am now.

Maleesha writes: I spoke to Irina last week, and she is doing well. She enjoys listening to music, reading, walking outside and exploring different parts of Constanta. I asked Irina, "Do you have a job in Constanta?" Irina said, "Since being in Constanta, I have not had a job. Because, when I look for a job, most of the time people turn me away because I am a person with [visual] disabilities." Since Irina does not have a job, she has taken time to study and complete her high school final exam. She has decided to attend a university in order to have a better future for herself. Irina is in her first year of college at the University of Psychology and Educational Sciences. Her major is specifically focused on Special Psychopedagogy, which is the combination of two branches of study: Pedagogy and Psychology. She is working very hard right now to be able to finish up all of her classes online. Irina just celebrated her 23rd birthday on April 22. She wrote this birthday message: "Every year I learn to enjoy every moment, every day of my life, I want to be a wiser person in the future, and to cherish the people who are close to me."

Thank you for being there for Irina!

Your brother in Christ,

Jeremy Befort
